ATTEMPT AT SUICIDE BY RICHESON

BOSTON MINISTER IN PRISON GASHES HIS BODY WITH TIN

CAMBRIDGE PASTOR WHO IS
BEING HELD ON CHARGE OF
MURDERING YOUNG WOMAN IN
CRITICAL CONDITION.

BOSTON, Dec. 20.—Rev. Clarence V. T. Richeson, until recently pastor of the Baptist church in Cambridge, who is charged with the murder of Miss Linnell, made an attempt at suicide in the county jail here this morning and is now in a critical condition.

The preacher gashed his body with a piece of tin in an attempt to sever an artery, in the hope of bleeding to death before being found by the jail attendants. The tin had been roughly shaped into the form of a blade and the jagged edges made frightful lacerations. The minister is suffering terrible agony.

Close followers of the case believe this action to show the guilt of the accused pastor, whose remarkable nerve and cool bearing since this arrest have been the wonder of all.

The preacher is accused of having given poison to Miss Linnell, to whom he was engaged, and the young woman is said to have taken it in the belief it was medicine. She died in a bath room in the Y. W. C. A. home in this city. At the same time the Cambridge pastor was engaged to Miss Violet Edmunds of Cambridge and the date for the wedding had been set. Miss Linnell was a member of the choir of Rev. Mr. Richeson's church in Hyannis, before he was transferred to Cambridge and it is said the latter girl did not know of the engagement of the preacher and Miss Edmunds until the day of her death.

It was established beyond question that the death of Miss Linnell was caused by taking cyanide of potassium and the circumstances showed she had taken it without knowing what it was and in the belief that it was medicine. It was also established that the Rev. Mr. Richeson had purchased cyanide of potassium at a Cambridge drug store and asked the druggist not to mention the fact that he had purchased the poison.

After the death of the Linnell girl the preacher remained closely hidden at the home of Miss Edmunds until the day of his arrest. The case has attracted an unusual amount of interest in New England.

EAST COAST EQUIPMENT TO BE BEST

ALL STEEL THROUGH TRAINS TO BE OPERATED THIS WINTER

ANNOUNCEMENTS OF CHANGES AND IMPROVEMENTS TO BE INAUGURATED MADE FROM THE COMPANY'S OFFICES.

Splendid equipment, second to none in the country, will make the through trains on the Florida East Coast Florida East Coast railroad this season veritable moving palaces, according to an announcement made from the company offices in St. Augustine. The equipment for the through trains will consist of three all-steel trains, completely electric lighted, and 20 new locomotives have been ordered to handle the trains on the East Coast road.

The new locomotives are of the Pacific type, among the most powerful known for passenger train service. The new engines weigh 116,500 pounds and have 20-in. cylinders with a 24-in. stroke and carry a boiler pressure of 200 pounds to the square inch. Twenty of this type of locomotives were delivered to the road during the summer and the others are being built.

The all-steel equipment of the train consists of a total of 14 cars, including mail, baggage, express, coaches, dining and sleeping cars, all of which have been built in the Pullman shops.

During the past summer about 100 miles of additional sidetracks have been constructed and the yards at division points and some of the more important stations have been increased in capacity. This will be a big improvement, as it was shown last winter the yards and sidetracks were not sufficient to accommodate the business of the road.

The date for the completion of the extension over the sea to Key West has been set for January 22, and President Taft has accepted an invitation to attend this celebration. The completion of this extension will make the Florida East Coast line the most noted railroad in the country, and will increase the total mileage of the line to 523 miles.

POLICIES OF ADMINISTRATION MAY BE OUTLINED TONIGHT

PRESIDENT AND MEMBERS OF HIS CABINET TO MAKE SPEECHES AT AUTOMOBILE CLUB BANQUET IN NEW YORK.

NEW YORK, Dec. 20.—President Taft will be the guest of honor tonight at the banquet of the Automobile Club of America at the Waldorf-Astoria. It is expected that over 1,500 guests will be present, among whom will be a number of prominent speakers including Vice President Sherman, the secretaries of war, state, navy, treasury, agriculture, commerce, labor and interior, together with the attorney general and the solicitor general. In addition to this notable list of guests the entire diplomatic corps of Washington has signified its acceptance of the invitations.

With such a notable gathering on hand it is probable that questions of national importance will be discussed, and it is rumored about the corridors of the hotel, today, that both the president and the other members of the cabinet will give vent to remarks that will have a direct bearing upon the policies of the administration.

and others would advise their friends or customers to have their household goods released at \$10 per 100 to Jacksonville or High Springs, Fla., and for \$5 per 100 from those points to interior points of Florida all this trouble and overcharge would be obviated. The \$10 release on the bill of lading from Jacksonville or High Springs to interior points places the household goods in a higher classification. If released at \$5 per 100 the classification would be the same from shipping point through to destination, and there would be no extra money to pay.

ADVERTISING AS INVESTMENT

BY THE MAIL ORDER HOUSES

EX-MANAGER SAYS BEST WAY TO TELL WHERE TO GET BUSINESS IS TO JUDGE BY THE NEWSPAPERS.

"When I was mail order manager for a department store doing \$2,000,000 worth of business a year—opening the mail each morning to nearly \$8,000 worth of cash business, said W. B. Powell, secretary of the Tampa Board of Trade, "we issued 250,000 catalogues twice a year. We had some 150,000 customers on our books and the proposition which confronted us was where to place judiciously the other 100,000 books. They could be scattered indiscriminately, of course; no trouble to get mailing lists if you wanted ten million names and addresses. These books cost about 35 cents each, and they had to be placed where they would bring enough business to profit the store 35 cents."

"Where did we get the names? Well, I will tell you a trade secret: We sent out for sample copies of papers in every town from 1,000 to 5,000 in the territory we could expect to get trade."

"Then we would look over the advertising columns and if the dry goods stores of that town did not advertise to any great extent, we would look through the local and society news and get the addresses of the 'Who's Who' of that town."

"But, if we found that the dry goods stores of that town were advertising like they were after business, we would drop that community like hot-cakes. The mail-order store does not attempt to compete with a live store in a small community."

"Advertising is an investment—it is a protection to one's interests. A live advertiser keeps out mail order competition and also makes a new-comer in his particular line of business hesitate before he locates in his midst."

JUST GOSSIP

BY THE GOSSIPER.

There have been some changes made in and around Daytona during the past 20 years, as John Marder sees things, and there is probably no person better fitted to observe and judge these changes than Mr. Marder. He was in this pretty spot just 20 years ago and is here this winter for the first time since then, and still holds to the belief that this is one of nature's real beauty spots.

Mr. Marder, who is now nearing the century mark in age, was one of the pioneers in the printing business in this country and was one of the earliest to turn to making type as a commercial industry. For many years the firm of Marder, Lugo & Co., of Chicago, was recognized as the leading type foundry of the country and the energy and careful business methods of Mr. Marder built the business up from a small beginning to an enormous output. Mr. Marder began his business career as a helper in the type foundry of which he afterward became owner at a salary of \$2.50 per week, working steadily from the bottom to the top. Printers and publishers all over the country grew to know and respect John Marder. Fifteen years ago Mr. Marder and George H. Munroe of this city, were personal friends, and clasped hands for the first time in 15 years when Mr. Marder called at Mr. Munroe's home in this city Tuesday. Thirty years ago Mr. Marder and Geo. F. Crouch of this city, were personal friends and the two met by accident in the Daily News office Tuesday when Mr. Marder entered the office to have his name placed on the subscription list. Daytona was nothing but a small village when Mr. Marder visited here 20 years ago. He has stuck steadily to the business of making type, even after his business was absorbed by the American Type Founders Co., until three years ago, when he retired as manager of the Chicago branch of the American company, purchased a small farm near New York City and settled down to a retired life. He will spend the winter in Daytona.

There has been considerable complaint from all over the state from settlers who have shipped household goods from other states to Florida. They prepay the freight on household goods at a shipping point and when the goods arrive in Florida they are obliged to pay additional freight before they can get their goods from the railroad. There is an "exception sheet" applicable to Florida which the northern railroad agent overlooks, which causes the trouble. If the real estate agents

*Get the baby a new carriage robe
for Christmas at Peck-Hendricks.
Mr. and Mrs. A. E. Shanks are re-
joicing over the birth Tuesday
morning of a nine pound girl baby.
Both Mrs. Shanks and the baby
are doing nicely. Dr. C. C. Bohannan
was the attending physician.

Both foot ball teams put in a prac-
tice last evening but because of hav-
ing no equipment and no good place
to practice the team captained by
Leon Despland put in a rather dis-
couraging evening. A number that
had signified their intentions and
seemed anxious to play failed to
show up at the appointed time and
place, but it is hoped to recruit the
ranks in time for the game Monday
in order to at least give the Halifax
Rifles a run for their money.
